Objective

An aspiring software developer with knowledge in software engineering practices such as coding, testing, code reviews, code comments, etc. Strong ability to communicate with clients and ability to express ideas clearly and concisely. Strong knowledge of HTML, C#, MySQL, .NET Framework.

Skills

- **C#, .NET Framework, .NET Core**
- **SQL Server, Entity Framework**
- **HTML, CSS**
- **Version Control (Git)**
- **Agile Development Methodologies**
- **Unit Testing (xUnit)**

Work Experience

Custom Software Engineering Associate
Accenture, Gurugram, Haryana
(Feb 2022 - Jan 2023)

- Developed and maintained web applications using C#, ASP.NET, and SQL Server.
- I tested and debugged code to ensure that it was error-free and met the required specifications.
- I worked closely with other members of the development team to ensure that software applications were delivered on time and met the needs of the business.
- I participated in code reviews to ensure that the code written by other team members was of high quality and met the required standards.
- Worked closely with client and team and analyzing user requirements and translating them into technical requirements.

Work Projects

Abacus Recruitment - Accenture CIO   *08/2022 - 01/2023*

- It was an recruitment website. Developed by using .NET Core and Onion Architecture as a software architecture pattern.
- We have used Microservices as an software architecture pattern to structured an application as loosely coupled and independently deployable.
- I have worked on the all the layers of the application i.e Domain Layer, Application Layer, Infrastructure Layer and Presentation Layer.
- We have used PostgreSQL in that project for storing and managing data for the application.
- We have used the cloud-based platform Azure DevOps to manage repositories and collaborate with team members.

Adani Enterprises LTD *05/2022 - 08/2022*

- It was an E-Commerce website which is developed by using Sitecore.

- It was on-site location which helped me to increased collaboration and communication with the client's team .

- I was responsible for creating, editing, and publishing content on the Sitecore platform to ensure accuracy, relevance, and quality.

- Handled day to day activity like team management,daily meeting etc.

- Here, I adapted the client's work culture and environment, and the potential for travel and relocation.

Education

Bachelor of Technology in Electrical Engineering
Bansal Institute of Engineering And Technology, Lucknow, Uttar Pradesh
2017 - 2021
Percentage: 71%

Intermediate
Kalind Inter College, Deoria, Uttar Pradesh
2016 - 2017
Percentage: 67%

High School
Saraswati Gyan Mandir Inter College, Kushinagar, Uttar Pradesh
2014 - 2015
Percentage: 81%

Certifications

Certified:
- Accenture: Tech Expressway Program on .NET
- Udemy: C#
- Udemy: Git, GitHub & Markdown Crash Course
- Udemy: Introduction to Microservices
- Softpro India Computer Technologies Pvt Ltd: IoT
